1. Introduction

Lord prof PhD PhD Momtchil Dobrev-Halachev developed 2003 Theory and practice of creating and managing terrorism for the purpose of enslaving peoples and profits of the Masonic global elite of the deep mafia, as well as 2010 "Financially banking resource-based technological mafia-driven materialism" as a based principle materialism since more than 17 century.08 "Theory of generating of crises", 2010 "Theory and practice of the Mafiotismus" and 2001 "Theory of the mafia". Based on these two theories this paper explain the creation of terrorism and the fight against it as a method, a strategy for profits of the representatives of the financial banking resource technological mafia-driven materialism.

In the year 2010 Lord Prof. Momtchil Dobrev developed the 'Theory of Mafiotismus' as a new state niveau based on private and personal interests of the prime minister, ministers, government.. Based on this "Theory of Mafiotismus" Lord Prof. Momtchil Dobrev developed 2010 the "Financially banking resource-based technological mafia-driven materialism" as a based principle materialism since more than 17 century.

In the year 2001, Lord Prof. Momtchil DObreV developed the Theory of the mafia and the Theory of corruption. All the both theories has been developed by analyzing of the mafia and corruption all over the world.

Analyzing the process of creating terrorism, fighting it and whether this fight is aimed primarily at generating profits for the participants in this process is of great importance for revealing the real truth and the real processes in the fight against terrorism.

In this paper are described the creation of terrorism and the fight against it as a method, a strategy for the profits of the representatives of financial banking resource technological mafia materialism.

3.1 2005 Prof. Momchil Dobrev and Prof. Mariola Garibova-Dobreva create Theory and Practice of Creating, Organizing, Conducting and Managing Occasions /Provocations/ "Incident/s"/"Random Events" for the Purpose of Profits and Creating and Causing Crises.

In reality, mafia fascism and the deep mafia invent and create "occasions", provocations, incidents, random events, organize them afterwards, conduct them and announce them to the public as completely random events, which happened by chance due to reasons and based on the actions of an opponent, enemy, adversary that they create.

The "occasion", the "provocation", the incident" the random event" is organized very carefully and carefully. The "reason", the "provocation", the "incident", the "random event" is filled with such information that will be true for the public" but in reality is false. The information is supposedly collected, delivered, by

special services, special investigations, special events of the security bodies of the respective country, of the secret services of the respective country, through all channels of intelligence, counterintelligence, foreign intelligence and internal intelligence.

The information is dressed in a package, a category of true, true, the only true, the only true.

In this way, it is then given to all information channels by order of the rulers of mafia fascism - radio, television, investigative journalists, news broadcasts and others.

This "information" is distributed through all public channels - media - newspapers, magazines, radio, television, and Internet by order of the rulers of the deep mafia.

The "information" is confirmed by all specialists, scientific experts, experts in the relevant information - state and private employees.

Along with the "creation of information" about the "cause", a plan is made for relevant actions by all state services, a plan for actions, and countermeasures to this cause, relevant services, army, police, gendarmerie, special forces, troops, issuing and adopting relevant decrees, orders, decisions at relevant state levels – president, prime minister, decisions of relevant parliament, congress, lower house, upper house, decisions of ministers, minister of internal affairs, minister of defense.

During the manipulation of society, the manipulation of society takes place at all levels, all channels, at all levels of society.

An opinion is created, society is manipulated, in such a way that it is convinced, and only society demands the taking of relevant measures by the state and the state apparatus, presidency, parliament and others to attack the "imaginary enemy".

Through the "pretext" the image of the "enemy" is created, it is filled with information about the bad guy, the criminal, the danger to society and people.

The "reason" is used for:

- Invasion of a respective country
- Attack on a certain country
- Declaring "war" and military actions against a respective country
- Organizing and supporting internal structures, financial, informational, military to declare rebellions, all kinds of internal revolutions – yellow, purple, orange and others
- With the aim of replacing the government, changing the government of a respective country
- Imposing a management epic and a management elite serving the respective country, which makes and organizes the entire event, with the ultimate goal of serving this country and these services
- Carrying out color revolutions – yellow, orange, pink and others
- Carrying out protests, with provocations, riots, with /without weapons/ attacks on administrative buildings and relevant internal order employees,
- Carrying out provocations
- Organizing "revolutions" with the aim of supporting the government
- For the destruction and killing of the leader of a given country in order to control and conquer it - example Muammar Gaddafi, Saddam Hussein

This strategy-creating occasions is from the last 80 years in which the oligarchy of the USA and the WEST, especially after the end of the Cold War, have thrown enormous efforts and resources into zombifying, regulating, reformatting, re-educating, re-training the population in order to obtain an amorphous mass that can be managed easily and without problems.

The American DOCTRINE OF THE "AMERICAN CONSENSUS" really set the goals for the realization of the geopolitical and global goals of the oligarchy.

The capital of the WESTERN - the USA and EUROPE cleaned and eliminated its opponents, by destroying education, healthcare, pension systems, social systems, civil society, intelligentsia,

The oligarchy of the WESTERN - the USA and EUROPE poured instead of money as they poured into the Marshall Plan after the Second World War, after the collapse of the Eastern Bloc, instead of economic recovery they poured huge money into "non-governmental" organizations for culture, science, sociology, "decommunization", sterilization, universal brutal Americanization.

The oligarchy erased the achievements of state socialism, education, healthcare, social system.

Huge funds from Soros and state funds are directed to non-governmental organizations, foundations, associations, academic formations, government projects of the State Department, projects of the Pentagon, CIA formed on his orders. Real recruitment of agents and collaborators to influence the rulers and leaders of the respective society in the respective country, special media and marketing projects, active events, disinformation, etc.

For more than three decades, an irradiation, zombification of citizens has been carried out through media related to the oligarchy, using invented reasons, incidents, provocations organized by the yat, to cause crises, wars, to immediately declare wars, to take measures to kill the heads of states.

All information is submitted under the censorship of American political, economic and geopolitical interests. In the same way, substitutes such as homophobia, homosexuality, genderism are proclaimed and propagated.

Thus, the normal values of man were replaced by the population with tablets, mobile phones, smartphones, and complete control through its digitalization and control and subordination.

In reality, the oligarchy turned the majority of humanity into an amorphous mass of only thoughtless, unprincipled, immoral users, dependent on social networks - Facebook, Instagram, Twitter. This represented for citizens the sacred consumption - the digital world, from which they became increasingly dependent, limited, enslaved.

Citizens became mass digital users who are reconciled with everything happening around them and who are not interested in the problems outside them, in society, in the state. Citizens became absolute egoists, locked in their digital world, without any feeling and attention and respect for their fellow citizens. They justified the declared wars, the struggles with terrorism, the declaration of wars on countries that are developing very well economically and which are becoming a danger to American imperialism and capitalism – Libya, Iraq, Syria and other countries.

Young people were actually reformatted and nullified because without the possession of values, morality, experience, they are directed towards the easiest variant of their existence.

3.2 TUNNEL CYCLE SPILL CENTRIFUGE – part of THEORY of SOCIAL HUMAN GENOCIDE by Prof. Momchil Dobrev and Prof. Mariola Garibova-Dobrev – HUMAN GENOCIDE

2006 Prof. Momchil Dobrev and Mariola Garibova create a THEORY OF SOCIAL HUMAN GENOCIDE, in which all means are used for genocide and pressure on the population and the creation of a new normality and the imposition of a new normality - NEW WORLD ORDER..

In this article we will not consider this theory, in which through - food, medicines, healthcare, education, chemical spraying, GMOs, the creation of new medicines that cause new diseases, increasing the influence of deadly diseases, lack of healthcare, depriving healthcare of methods and methods of treatment that lead to a positive result with fewer resources, prices, imposing an education system that achieves dulling, zombification of the young population, replacing history, pressure with high prices, pressure with high prices, costs, of services, products.

The same cycle used in Theory and Practice of Social Personal Genocide is used as follows:

CYCLE - FORMULA OF HUMAN SOCIAL PERSONAL GENOCIDE

- Threat, - fear, uncertainty - chaos - panic, manipulation, propaganda, proposal for a solution, proposal for imposing a new norm, imposing new laws to satisfy this new norm - this genocide, imposing laws to fulfill the goals of mafia fascism for new profits.
- Creating a threat, fear.
- Maintaining fear - in amplitude, of the threat.
- Strengthening the fear, the threat.
- Expanding the fear, of the threat.
- Multiplying the fear, of the threat.
- Modifying the fear, the threat.
- Creating fear, threat at different levels of needs.-
- Creating fear-threat at different levels of perceptions.
- Stress – maintaining stress, increasing fear, multiplying fear/stress,
- Causing a change in the normal state of a person
- Causing another normality – a new one.
- Causing mental illnesses and mental deviations.

CYCLE – FORMULA OF THE TUNNEL – SPIRAL – CENTRIFUGE SYSTEM OF HUMAN GENOCIDE in creating, organizing, conducting and managing occasions/provocations / "incident/s" / "random events" for the purpose of profits and creating and causing crises.

IN THE CASE of THEORY AND PRACTICE of CREATING TERRORISM and FIGHTING IT afterwards in countries, the whole world – by the Global Masonic Mafia-sized elite and the deep mafia and mafia-fascism - 2003 for the purpose of plundering, profits, enslaving peoples, nations, entire countries of Prince Lord Prof.

TERROR and TERRORISM - THREAT/ bombings/ shootings, bombs in cities, disasters, destruction of buildings, airplanes and others - ANXIETY/ RESTLESSNESS - STRESS - FEAR - TENSION - INSURANCE - CHAOS - PANIC - MENTAL DISORDERS - proposal for a solution - WAR, DECLARING WAR, DEPLOYING FOREIGNERS IN A FOREIGN COUNTRY, organizing revolutions, coups, rebellions - financing them - Issuing decrees to declare war, deploy troops in foreign

countries, decisions of Congress, parliaments, to attack foreign countries and kill the citizens and rulers of other countries

The cycle is accelerating and accelerating. IT ACTS LIKE A CENTRIFUGE.

The cycle is a spiral.

The centrifuge leads to ever greater fear in order to explain all actions of invasion, declaration of wars, disintegration of American bases in foreign countries and organization of operations to assassinate statesmen, presidents of other countries.

With each cycle, the tension and pressure on the population intensifies, multiplies, the coercion on the population increases to support ALL ACTIONS INVASIONS, WARS of the GOVERNORS AND OF MAFIA FASCISM.

With each cycle, the pressure, the coercion on those who think differently, on those who do not want to oppose the wars, also increases.

Fear - the secret weapon for manipulation, management, control of the population

Creating fear is a method of controlling a person.

- Creating a threat that c

3.3 STAGES OF THE PROCESS OF CREATING FEAR based on Theory and Practice of Creating and Managing Fear, Degrees of Fear, Levels of Fear, Hierarchies of Fear/Fears by Prof. Momchil Dobrev and Prof. Mariola Garibova-Dobrev reates fear.

- Maintaining fear – by amplitude, of the threat.
- Strengthening the fear, the threat.
- Expanding the fear, the threat.
- Multiplying the fear, the threat.
- Modifying the fear, the threat.
- Creating fear, the threat at different levels of needs.
- Creating fear, the threat at different levels of perceptions.
- Stress – maintaining stress, increasing fear, multiplying fear/stress.
- Causing a change in the normal state of a person.
- Causing another normality.
- Causing mental illness and mental disorders

The threat creates fear.

Strengthening the threat, maintaining the threat, expanding the threat, multiplying the threat,

The threat is to life, the threat is to health, whether he will be able to provide food for himself after the economy is blocked and he does not work.

The threat is to his family, to the relationships, contacts, respect in his family, among children, relatives, parents, loved ones, the threat is also to the close love relationships with loved ones, wife, husband.

The threat is to life after the lockdowns are in place, whether he will have the means to live, whether he will be able to pay his bills, expenses, expenses for family, children, life and others.

The threat is about life in the environment, the surrounding area, the city, the village, the region.

The threat is whether he will be able to provide food for the family, relatives, loved ones, elderly parents.

The threat is whether it will be able to provide medicines, whether it will have the necessary medicines in pharmacies.

The threat is whether it will have access to hospitals, polyclinics.

The threat is to the home,

The threat is to the safety of the person from being infected by contact with a neighbor, close friend, relative, colleague-employee, employee in a pharmacy, polyclinic, hospital.

The threat is whether he will be able to work, whether he will not be fired, whether he will keep his job, how he will work during lockdowns,

The threat is to his career, to the position he has achieved, position at work, in the service, to trust.

The threat is whether he will maintain the value of his name, at his professional level.

The threat is whether he will maintain his level in social relationships, his level at work,

The threat is whether he will maintain the respect of his colleagues, friends, relatives, loved ones, neighbors.

The threat is whether he will maintain the prestige and respect for himself from colleagues in the service, the work, after the middle of the level in which he is.

The threat is whether he will maintain his development in the work, the assessment he has reached in his work, the recognition in the work - his service, the respect from all levels of contact in his work in the service.

A perceived threat is created. The threat creates stress at all levels of consciousness.

The threat creates fear at all levels of the population - pupils, students, workers, bosses, employees in state administration and employees in private companies.

- Fear is created at all levels in society.
- Fear in children - small, children in kindergartens, children - students in small classes, students in large classes, students.
- Fear in parents of all types of children.
- Fear in employees.
- Fear between different representatives of different layers of society.
- between students, between fellow students
- between passengers in urban and intercity transport, in road transport, bus, city, transport, metro, trains, airplanes

Between citizens served in various institutions:

- hospitals
- clinics
- theaters
- cinemas
- halls, - fitness halls, sports halls
- salons
- shops
- small shops
- supermarkets
- large chain stores with over 300 sq.m. area - malls
- retail stores
- wholesale stores

Fear is created at all levels.

At the level of physiological needs, about whether I will survive, whether I will not get sick, whether I will not be infected by relatives, friends, employees, administrations, work colleagues, employees at work, a boss, employees in administration, in hospitals, clinics, emergency rooms, halls, universities.

Fear sickens the psyche deeply.

Fear cannot be transformed into courage, but into helplessness in the case of Covid 19

The fear created in the pandemic is caused by stress, frustration, anxiety, crisis, chaos, panic, etc. here we are talking about a specific fear, a phobia - a pathological form of fear of the pandemic,

The fear created in the pandemic is caused by stress, frustration, anxiety, crisis, chaos, panic, etc. here we are talking about a specific fear, phobia - a pathological form of fear of the pandemic,

Fear is related to affect.

- Affect occurs quickly and disrupts the normal course of consciousness, interrupts its unity and harmony.
- In this case, the affect is prolonged, intensifying and attacks and resets mental endurance.
- Affect in this specific case narrows the field of consciousness, seeks to conquer it completely and displace everything else from it.

The problem here is that affect leads to a real escape from reality, but there is nowhere to go, there is no salvation.

- Affect in this specific case erases sensitivity in a person. His senses do not function, they make mistakes.
- The affect of fear completely paralyzes thinking.
- Affect suppresses the will. Man becomes impulsive in his actions, Man is manipulated by propaganda and the media.
- Affect causes illogical thinking.

Fear develops at all levels of consciousness, subconsciousness,

Fear also develops at all levels of needs.

So fear is a very unpleasant feeling and a very primary emotion that arises in an animal or a person naturally, spontaneously, at the slightest perception of danger or harm. A physical process that unleashes fear is located in the human brain and it causes immediate physical manifestations such as - increased blood pressure, increased blood glucose, palpitations, dizziness, lightheadedness, lack of air, a feeling of helplessness, fear of death, fear of going crazy, real loss of control of reactions.

3.4 MANIPULATION CARRIED OUT throughout the entire process ALL THIS TIME PROPAGANDA, ALL THE TIME CREATING PUBLIC OPINION

Fears are on all types of needs and the hierarchy of needs

Fears are on all elements of life, survival, security.

The intervals are short, the amplitude is huge, CONSTANT, INCREASING.

MANIPULATION on ALL LEVELS - mostly through television, scientists, mathematicians, who give their advice and conclusions on medical problems.

PRESSURE - RESTRICTIONS FOLLOW EXACTLY SPECIFIC INDUSTRIES - Restaurants, hotels, schools, halls, universities, courts.

MANIPULATION on ALL LEVELS.

The goal of manipulation is control, management of people and their consciousness. Here, manipulation is a direct, undisguised,

overt, strong, actually hidden manipulation of people. Manipulators find the weak point in people – the fear of death, the fear of infection, an increased fear of getting infected, so that they don't die.

There is no trust here and it is not aimed at, since it is actually a threat to people's health and life.

Here, the aim is to create a sense of duty both to oneself and to other people.

This is done unconsciously.

Continuous repetition, repeated repetition, aims at zombifying the population.

All this happens at a subconscious level. The aim is control, management of people's will.

There is actually mass manipulation of consciousness.

Manipulation makes real and causes a change in people's perceptions and behavior.

The tactic is hidden, violent.

Through manipulation, the aim is to manage people's behavior towards fear, threats, stress. People are not really given the opportunity to think, to draw conclusions, to analyze data, facts, evidence.

The continuous repetition aims to create trust, belief that the actions and decisions of institutions are correct.

There is really a psychological impact, psychological violence on the consciousness, actions, behavior, reactions of people.

In reality, a lie repeated many times every day leads to forced trust.

In reality, the goal of manipulation is the value system, beliefs, stereotypes and their real neglect, zeroing in this process.

In reality, people are deprived of freedom of their choice, of any choice, people are deprived of their free will. In reality, people are disoriented.

In this manipulation, not only media, print, but also all information channels - the Internet, etc. are used.

In reality, the coercion of manipulation has been achieved.

Manipulation leads to the conclusion that this is ALL NATURAL AND INEVITABLE.

In this short and massive process of manipulation, people do not have time to doubt the messages, the data, the facts.

In reality, manipulation hides aggressive intentions and behavior.

In reality, manipulators know the psychological vulnerabilities of people.

Manipulators do not worry at all about the damage, moral, emotional, psychological, behavioral and others to people.

In reality, there is deception by default.

Manipulators do not give any direct answers, scientifically substantiated, manipulation and manipulation occurs through threats.

They increase fear and uncertainty.

The goal is unconditional obedience.

The goal is obedience, and the implementation of any actions and measures

The resistance of people's consciousness to think, discuss, evaluate data, facts, evidence is actually eliminated.

The goal is confusion, through accusations.

Manipulation uses anger, fear and threats.

Manipulation excludes independence, the ability to oppose.

Through threats, fear is generated, threats are aimed at naivety, one hundred percent execution of actions, real crushing of consciousness, deprivation of the right to beliefs, to reflection, to meaning, to thought.

Manipulation makes people emotionally dependent one hundred percent on manipulations through media, information networks and systems.

Through manipulation, trust is forced.

Through manipulation, the goal is and is achieved - blocking the mind, blocking the thought, blocking the ability to think, to reason, to conclude statements, blocking the possibility of analyzing data, facts, results, analyzing lies, assessing the truth, distinguishing lies from the truth.

There is no truth here, or lies, only what is claimed is the forced truth.

There is and is a real substitution of facts and evidence.

Personal beliefs are attacked and manipulated and erased and destroyed - political, religious, moral, worldview, habits, style of behavior, ways of thinking, habits, mental and emotional suppression and coercion.

Fierce press, pressure, coercion.

The pace of manipulation is very high, the manipulation is continuous, on all channels in all possible ways, at a high speed that does not allow people to think.

People are forced to blindly trust everything at the present moment, as this moment has already been more than two and a half years.

Power is used,

People are not allowed and are not given time to evaluate things for or against.

Conclusions are imposed, behavior is imposed, emotion is imposed, fear is imposed and the spread and instillation of continuous fear, which turns into depression and psychosis.

The press is everywhere, in the family, at work, on the street, in institutions, in urban and other transport, on streets, shops, malls, clinics, hospitals and others, universities, schools.

Human demoralization and complete 30% dependence on guidelines for action and behavior from the authorities is aimed at and achieved.

Continuous life in fear, stress, threats from all sides, from all possible relationships.

People's weak points are attacked - their fears, anger, fear for life, fear for themselves, for their loved ones, for relatives, for friends, for colleagues.

PEOPLE'S NEGATIVE FEELINGS ARE ATTACKED - sadness, fear, anger, hostility, hopelessness, disappointment, hatred, guilt, .

THE GOAL IS TO CAUSE ONLY AND ONLY NEGATIVE FEELINGS and NEGATIVE EMOTIONS such as - anger, hatred, fear, stress, sadness, guilt, frustration, indignation, shame, vulnerability

Consciousness is turned off, reason, thought, total impact of consciousness and causing and CHANNELIZING people's BEHAVIOR.

WITH MANIPULATION, PEOPLE'S EMOTIONS AND FEELINGS, which are negative, create only NEGATIVE FEELINGS AND EMOTIONS, and STRENGTHEN THEM IN A HUGE AMPLITUDE AND FOR A SHORT TIME AND

CONTINUOUSLY FOR A PERIOD OF MONTHS AND YEARS, are dominated.

In reality, this manipulation humiliates the person's personality, his life, the meaning of life. The feeling of guilt is intensified.

Aggression, anger, guilt, aggression AGAINST TERRORISM and TERRORISTS is created.

Complete one hundred percent zombification - deprivation of the person of numbers, feelings, thinking.

Manipulation at all levels of needs.

The person's value system, his instinct for preservation is destroyed and instead he is accused of behavior that is not his. At the same time, an alternative opinion is not allowed. Anger is created towards people with alternative opinions, alternative behavior, statements, thoughts, reasoning and conclusions of alternative thinkers.

One hundred percent possession of feelings, emotions, thought, consciousness.

Conditions are created for suppressing all positive emotions and feelings of people.

They are replaced and strengthened only by negative feelings and emotions.

A complex technique that is used by many fraudsters to obtain compensation is manipulation by people. Human psychology is such that they can be managed. Even during business negotiations, the parties try to put pressure on each other, promoting their point of view. And in order to protect themselves from influence from the outside, you need to familiarize yourself with various methods of manipulation.

Manipulation creates and maintains only negative feelings in people such as – sadness, anger, fear, hostility, hopelessness, disappointment, impasse, helplessness, hatred, guilt, rage, resistance, panic, cruelty, rudeness. Positive feelings and emotions of people such as happiness, humor, joy, love, gratitude, hope, compassion are suppressed, by eliminating them and not giving them the opportunity to appear in people.

A NEGATIVE FEELING AGAINST TERRORISTS and TERRORISM IS CREATED - as a natural reaction against TERRORISTS and TERRORISM, which on the other hand are created, organized, financed by the GOVERNMENTS OF MAFIAFASCISM THEMSELVES, which subsequently declare war on the same people who have financed, trained, organized, financed with weapons and money.

3.5 September 11, 2011 - DECLARING TERRORISM AS AN ENEMY BY THE USA

reasons - provocations - "incident/s" - "random events" for the purpose of profits and creating and causing crises - declaring war on terrorism.

The ultimate goal is profits.

THE REASON / INS - and subsequent actions - at the state level
Staged terrorism - September 11, 2001.

The nuclear truth about the reason September 11, 2001, for proclaiming Terrorism and fighting it by the USA and representatives of the FBI mafia-like Materialism.

The facts: the combustion temperature of kerosene is 895 degrees Celsius.

The temperature that caused the steel to turn into dust is at least 2700 degrees Celsius.

The destruction of the World Trade Center has nothing to do with airplanes.

The South Tower, hit by the second plane, fell first. The North Tower, hit by the first plane, fell second.

Based on the fire, it took 1 hour and 42 minutes for the first tower to fall and only 56 minutes for the second tower to completely fall. The collapse of the towers has nothing to do with the fire caused in both towers.

The fall of building #7 is not mentioned at all, since #7 fell only after the fact, i.e. the terrorists' planes were pointless.

In other words, the goal was to collapse both buildings of the World Trade Center.

The North Tower actually fell later due to a "fourth" explosion.

However, the mafia television channels do not mention anything about the above and deliberately do not show the footage.

It was announced that the two towers collapsed due to kerosene, and building No. 7 from diesel fuel, which was for emergency diesel generators.

FBI agents on September 11, 2001, were dressed in full chemical protection suits with gas masks to protect against radioactive dust and radioactive vapor.

There is Ground Zero - this is the point on the surface of the earth where the explosion of a bomb occurred.

The Pentagon was not hit by a plane because the remains prove that the Pentagon was hit by a plane but by a missile.

The missile is owned by the US Air Force.

In reality, this is a precisely and clearly prepared occasion to declare war on terrorism, to finance this war and to profit from this financing by representatives of the Financial Banking Resource Corporation. Technological mafia-style materialism.

A war is actually being declared against something vague, indefinite, unpredictable, unknown, for which hundreds of millions of US solar dollars have previously been given to create it.

The real reason for the attacks of September 11, 2001, caused fear, shock, anger, pain, grief,

Barack Obama - April 14, 2010 in Washington - "If all authoritarian actors continue to work as they have done so far, the probability that terrorists will succeed in igniting a nuclear bomb in one of our cities is 51 percent or more."

On the other hand, there is real evidence that these attacks were prepared by the participation of these representatives of the Financial Banking Resource Technological Mafia Materialism, since the reached temperature of over 2700 degrees, which actually causes steel to turn into dust, cannot be caused by the explosion of the aircraft's kerosene tanks, whose temperature is no more than 895 degrees.

That is, there is indisputable evidence of induced bomb explosions on each of the floors of one of the towers.

On the other hand, it is proven that not a plane, but a rocket crashed into the Pentagon building. Atomic microbombs were used in these processes.

But the false information and psychological attack on the US society achieved their goal - the president and the state adopted the so-called "Patriot Act", which act actually limited the rights and freedoms of citizens, namely:

- Surveillance of citizens without judicial authorization
- The right of the president to appoint a civil or military court to hear a particular case

- Transfer of detainees to other countries, extradition of certain persons, subjecting them to torture
- Murder of American citizens by order of the president.
- The right to terminate legal proceedings under the pretext that there is a state secret.

That is, the president can take away civil rights in an unscrupulous way.

There are artificially caused terrorist actions in order to have a reason to strengthen control and, accordingly, to provoke war, military conflict, intervention in a foreign country.

The war against terrorism is a real war, monitoring information, radicalization, incompatibility of Islam with democracy.

Creation of networks, systems of informants, to provide information - any.

Bringing a split among terrorists, bringing disagreements, disuniting the cohesion of terrorist groups, recruiting, directing the focus to the leaders,

A scheme to create fear in the population, with which fear to justify any actions of states, organizations, any type of financing, in organizing, conducting a war.

The threat of terrorist acts to the population, the created fear of citizens, is used for:

- Financing anti-terrorist actions
- Financing wars and the conquest of countries
- Financing the military-industrial complex,
- Financing the development of strategic assets - nuclear submarines, ballistic missiles, nuclear missiles and others.

The idea of a war on terrorism was born after September 11, 2001, in order to justify all the actions of the US government to allocate huge budgets to finance the fight against terrorism.

Terrorism ensures a psychological destabilization of society. Actually finding an enemy and designating it as a terrorist creates psychological fear, hatred, horror, panic that arises among society, which on the other hand is an occasion and reason for the representatives of the financial banking resource technological mafia Materialism to prepare measures to combat this terrorism and in this program the most important thing is the financing of this fight against this terrorism. This includes financing of

- Internal security - in the state itself
- The external environment - military actions.
- Investments in new weapons and others

Financing the external environment - i.e. military actions includes the entire range of providing military equipment, military bases, weapons, people, personnel, the entire armada of troops and others, intelligence services and others.

In reality, this informational-psychological impact on society is used solely for political purposes, so that it can then be financed.

This is a fight that takes place for months and years.

After the manipulation of society, the political class that carries out the order of representatives of the financial banking resource technological mafia materialism receives complete freedom to point out the enemy, without any real responsibility for false statements.

In reality, different versions are prepared in advance / be it the presence of chemical weapons, the presence of nuclear weapons, the presence of chemical weapons with which to trade financing for separatist and other organizations.

In reality, this is a tool of the representatives of the Financial Banking Resource Technological mafia materialism for provocations.

In recent years, it has been proven that most terrorist acts have been carried out with the help and under the direct leadership of state intelligence services.

Everything is done in complete secrecy.

In reality, an occasion is generated, which occasion is used to finance this "fight".

On the other hand, with psychological manipulation, the political class guarantees and justifies its actions, which are in sync with the desire of society for such actions.

This is how the US organizes and begins the fight against terrorism, which is a real war. And there is a lot to be gained from this war.

For Europe, terrorism is a criminal activity and in reality terrorists are criminals, and laws and human rights must be respected.

During war, huge resources are directed from the social sphere to the military industry. This is how the militarization of public life actually occurs. In reality, the procedure is to instill fear, intimidation, threats, which imposes security measures, which in turn makes people give up their freedom in the name of security.

In reality, this war goes beyond the boundaries of national security.

The threat of terrorist acts was also used as an argument for financing the purchase of military equipment, submarines, ballistic missiles, aircraft carriers, and others.

In reality, the idea of a war on terrorism was born after the September 11, 2001 attacks.

In reality, this is a precisely and clearly prepared occasion to declare a war on terrorism, to finance this war and to benefit from this financing by the representatives of the Financial, Banking, Resource, Technological, Mafia-like Materialism.

On the other hand, the beginning of the NEW WAR – THE FIGHT AGAINST TERRORISM, precisely after the end of the COLD WAR, is from the 60s-70s of the 20th century, when the USA and other countries organized and prepared radical Islamism, financed it, so that in time it could

In reality, the attacks become a justification for the rulers and representatives of the FBIMM to wage wars, conquer countries, subjugate peoples,

On the other hand, this leads to financing wiretapping, kidnappings, murders.

Creating the conditions for declaring war on terrorism.

The occasion is used by the USA to adopt the "Patriotic Act" Patriot Act - Uniting and Strengthening America by Providing Appropriate Tools required to Intercept and Obstruct Terrorism - Act of 2001. approved in October 2001 by the House of Representatives and the US Congress with 357 votes to 66. On

November 26, 2001, George Walker Bush signed the law, which was extended until 2015. , and which proclaims:

- The arrest of citizens without a court order
- The right of the President to appoint a civil or military court to hear a particular case
- The right to terminate a prosecution on the pretext that it is a state secret
- The extradition of detainees to other countries, including those in which it is assumed that the extradited will be subjected to torture
- The murder of American citizens by order of the President.
- Unconstitutional exercise of power over citizens
- The FBI conducts electronic spying in violation of the Fourth Amendment to the Constitution.

The assassination serves as a justification for wars, the conquest of countries, wiretapping, kidnapping, and calls into question the civil and constitutional rights of citizens in a democratic society.

The beginning of preparation of this fight against terrorism began in the 80s of the 20th century, when the West and the USA supported, created Islamic integristism, with the ultimate goal of opposing it to the occupation of Afghanistan by the USSR and to

This is a real use of the CYCLE - FORMULA OF THE TUNNEL - SPIRAL - CENTRIFUGE SYSTEM OF HUMAN GENOCIDE in creating, organizing, conducting and managing occasions/provocations / "incident/s" / "random events" for the purpose of profits and creating and causing crises - in this case declaring a war on terrorism.

And of STAGES OF THE PROCESS OF CREATING FEAR based on Theory and practice of creating and managing fear, degrees of fear, levels of fear, hierarchies of fear/fears by Prof. Momchil Dobrev and Prof. Mariola Garibova-Dobrev

3.6 DECLARING WAR IN AFGHANISTAN - WAR AGAINST TERRORISM - with the ULTIMATE GOAL MASTERING THE RESOURCES of AFGHANISTAN - especially drugs - the biggest feather of MAFIOFASCISM and DEEP MAFIA to make money up to 9000% profit rate, even more

The war in Afghanistan is called the "war between cultures", or the "crusade" against the Islamized world by the organizers of the fight against terrorism.

The war in Afghanistan began on October 7, 2001. This is a military operation of the coalition of countries led by the USA, the goal of which is control of the entire country of Afghanistan.

The operation is called Operation Triple Freedom. It begins with 28300 American servicemen.

The second operation is NATO-ISAF, where Great Britain, Canada and Australia participate.

In these operations, American and British planes bomb entire cities for weeks. In early 2002, the ground operation began.

The reason for starting the war was the request for the extradition of Osama Bin Laden requested by the Afghan government. After the Afghan government refused, it was given carte blanche to start the war, the other goal was to overthrow the Islamic regime of the Taliban.

On May 2, 2011, American commandos killed Osama bin Laden.

The real cost of this war is one trillion US dollars, with the Department of Defense, the State Department and the Agency for International Development claiming to have spent between 934 and 978 billion US dollars.

The money was actually spent without control, one billion was given for helicopters and planes to arm the Afghan state, which have not been used for a long time, one billion was given for the construction of buildings and infrastructure, 34 million US dollars for the cultivation of soybeans, which can actually not grow on the lands of Afghanistan, \$28 million for special forces uniforms with forest camouflage, given that only 2.1% of Afghanistan's land area is forested.

In reality, 775,000 US military personnel participated in the war in Afghanistan.

All this, that the governments of George W. Bush, Barack Obama and Donald Trump did not actually tell the truth about the goals of the war in Afghanistan and the money actually spent does not correspond to the truth, is proven by a publication on 12.12.2019 of the Washington Post, which published 2000 pages of confidential documents, which prove that neither the goal was to establish democratic rule in Afghanistan, nothing written corresponds to the truth.

That all the spending of money is with the ultimate goal of ensuring profit for the representatives of the Financial Banking Resource Technological Mafia Materialism is also proven by the facts that in 2015. The PENTAGON spent an unaccounted 6.5 trillion US dollars. Such reports have existed and exist since 1998. i.e. the expenses for the periods from 1998 to 2015. are at least 21 trillion US dollars. This is real printed money, which is the ultimate goal of the representatives of the financial banking resource technological mafia materialism to earn.

3.7 DECLARING WAR IN IRAQ - the reason - "supposedly" chemical weapons "and" nuclear weapons⁴ for mass destruction - of SADAM HUSSEIN - and WHAT ARE THE FIGURES - the profits

The reason - the alleged presence of chemical weapons" and "nuclear weapons" of Saddam Hussein's troops - weapons of mass destruction.

The other reason is the presence of the terrorist organization AL Qaeda on the territory of IRAQ and the declared war since September 11, 2001 by the USA and Great Britain and other countries against TERRORISM, which they themselves created.

The real reason - I claim the great power of IRAQ with oil production, the imposition of trends in oil prices, a large gold reserve and real opportunities for creating a regional union with a reserve currency - gold and imposing the Iraqi currency in the region. The huge oil deposits in IRAQ.

- GOAL - regime change, assassination of the president and leader of IRAQ - SAMAD HUSSEIN, and
- The war in Iraq provides an investment of 411 million US dollars every day.
- The real costs of the war in Iraq are between 3 trillion and 4.4 trillion US dollars.

- The war began on March 20, 2003, when England and the United States attacked by air, land and sea, supported by Australia, Denmark, Poland, Spain

On March 6, 2003, the inspectors published a report in which they declared that they did not believe that Iraq - with its saturated economy and level of development - was capable of developing or maintaining a program for the development of weapons of mass destruction.

On the other hand, the United States has repeatedly suggested that the Al-Qaeda group has terrorist training camps on the territory of Iraq and that Saddam Hussein himself supports it financially. Al-Qaeda's relative - Osama bin Laden categorically denies this. Separately, the reason is stated that Iraq produces chemical and bacteriological weapons, which they could not find even after the destruction of the country and the invasion and conquest of it.

Every second of the war in Iraq costs 5000 US dollars,

In 2001. George Bush Jr. came to power. In that year, the financial sector became more powerful, more profitable and more concentrated. Leading are five investment banks, two financial conglomerates, three rating agencies and three insurance companies.

Trillions of US dollars of business are created.

The war in Iraq costs 5000 US dollars every second. 411 million US dollars every day.

The current costs per month are 12.5 billion dollars.

The costs reach 25 billion per month. The estimated cost will be 3 trillion US dollars.

The cost of the war is 3.7 - 4.4 trillion dollars for 10 years.

The cost of the war - - Watson Institute for International Studies at Brown University.

The cost of the war is financed by running up deficits - which must also cover interest. In addition, the Pentagon has received an additional \$326 billion to \$652 billion beyond the amounts directly used to fund the war effort.

\$401 billion has been spent on homeland security.

In addition, soldiers who fought in Iraq and Afghanistan have filed additional claims for \$32.6 billion for disability and medical care.

Veterans' compensation costs will increase from \$598 billion to \$934 billion.

The costs range from \$2.9 trillion to \$3.6 trillion.

George Bush - Congress allocates an additional \$120 billion

The war with IRAQ began on March 20, 2003 when the United States and Great Britain attacked by air, land and sea. Supported by Australia, Denmark, Poland and Iceland.

Without a declaration from the UN Security Council that legitimized the invasion.

IN REALITY, THE PROFITS FROM THIS WAR CREATED THE 2008 FINANCIAL CRISIS according to the THEORY OF CREATION / CAUSATION / GENERATION OF CRISIS by Prof. Momchil Dobrev – 2003.

3.8 THE CREATION OF Al – Qaeda BY THE CIA AND THE USA AND THE SUBSEQUENT WAR WITH AL Qaeda - CREATION OF TERRORIST ORGANIZATIONS, THEIR FINANCING, TRAINING BY THE USA AND THE SUBSEQUENT DECLARATION OF WAR AGAINST THEM – AGAINST THEIR STUDENTS

Al-Qaeda was created in 1988 and consists mostly of mujahideen who fight against the Soviet invasion, veterans of the war against the Soviet Union 1979-1989. In reality, Bin Laden is financed for this activity by the US – CIA, according to unofficial data, the CIA has allocated about 500 million US dollars annually for training and military assistance to the mujahideen.

Later, an Islamic Salvation Fund was created, supported by the United States, the purpose of which was to strengthen Sunni extremism and on an anti-Soviet basis. The goal was to oppose Shiite Iran, which is the main enemy of the United States.

The goals of Al-Qaeda and the United States are the same - the expulsion of the USSR from Afghanistan.

After the end of the war, Bin Laden redirected his actions against infidels in all sorts of other countries.

1998 Bin Laden created the Islamic International Front to Fight Jews and Crusaders in Afghanistan, after which he was deprived of citizenship in Sudan.

The headquarters of the organization since 1991, when it was created, were located in Afghanistan and Pakistan. From 1991 to 1996, the headquarters was in Sudan - in Khartoum.

After the fall of 2003, Al-Qaeda moved from Afghanistan to Iraq and Iran.

The organization is financed mostly by companies under the control of Bin Laden in 35 countries. The fortune of Bin Laden himself is estimated at about 300 million US dollars. The largest economic structures are the companies "Wadi aw Akiz", "Laden International" with a total capital of 300 million US dollars, "Taba Investment", "Hijra Construction", "Al Shamal Islamic Bank".

3.9 The creation and financing of the Islamic State by the USA and its partners and the war with them - a process of creating terrorism, financing it, training it, and subsequently declaring war on it.

The brainchild of the group is Samir Abdel Muhammad al-Khalifawi /Haji Bakr/ - a former colonel in the intelligence of Saddam Hussein's air defense forces. He created one of the predecessors of ISIS - the Islamic State in Iraq. He appointed Abu Bakr al-Baghdadi as the leader of ISIS in 2010. He made plans to expand the group into Syria.

He was killed by Syrian rebels in 2014.

He drew up the organization plan, organizational charts, lists, programs, structure and action directives, and the operational program. Haji Bakr drew up the structure of the Islamic State at the local level, ways and procedures for penetrating villages, methods of surveillance, an offensive plan, a technical plan for intelligence management of the Islamic State, a plan for investigating the respected people in the area, their sources of income, a list of the names of the members of the brigades, the names of the leaders of these brigades, an investigation into their illegal actions for the purpose of blackmail and pressure, and extortion in order to carry out the state's orders.

The creative scheme of informants, former intelligence officers, dissatisfied with the system, The plans include schools, kindergartens, media, transport, finances, monitoring systems at all levels, which would guarantee monitoring of everyone and at all levels.

In 2010, employees of Saddam Hussein's Iraqi intelligence services appointed Abu Bakr al-Baghdadi as emir, later as caliph.

The Islamic State is governed by a single leader and four councils - Sharia, religious council, shura - advisory council, military council and security council.

The Islamic State opens missionary offices, through which the organization expands secretly, quietly and very comprehensively. The expansion takes place without resistance, without paying attention and in parallel kidnappings and killings of enemies of the state are carried out. Military camps have been established in many places since the end of 2012, newcomers are trained for two months. The organization is imperceptible and is expanding at a tremendous pace. In the fall of 2013, ISIS had 2,650 foreign fighters. The organization simulates large numbers, with its fighters appearing in black masks and when they appear in many places, large numbers are simulated. Individuals who could be potential leaders or opponents are eliminated.

The main features of ISIS are:

- An insurgent-type organization
- An uncompromising jihadist-Salafist organization
- Extreme terrorist methods and insurgent strategies are used
- Claims to be the true guardian of Wahhabi traditions
- Goal – the restoration of the caliphate of true Islam in Syria, Iraq and the nearby border territories.

Genesis of ISIS:

- 2002 – Organisation of God's Unity and Jihad
- 2004 – Organisation of Jihad's Base in Mesopotamia
- Al-Qaeda in Iraq
- 2006 The Islamic State of Iraq
- 2013 – The Islamic State of Iraq and la Sham/ the Levant
- 2014 – Islamic State

ISIS's budget is \$2 billion for 2015. They sell oil, smuggle goods, trade in people and human organs, donations from the Arab world, their own charity programs, control oil deposits, control oil production facilities, illegal trade in cigarettes, medicines, mobile phones, sell antique artifacts - stolen from Syria and Iraq, kidnappings for ransom, kidnappings for human organs, donations from Gulf countries Saudi Arabia, Kuwait, UAE, Qatar, systematic racketeering, taxes, racketeering to construction companies, large and small companies.

Propaganda is organized on the social network system and uses all the advantages of these networks, publishing magazines, articles, interviews, , photos, , analyzes - political, military economic analyzes.

4. CAUSING WARS as a source of the greatest profits. POST-WAR PERIOD – the manipulation of the economy and trade for the purpose of maximum profits based on Momchil Dobrev's "Theory of Crisis Generation" and the use of the system of creation, organization, planning,

A war requires and requires that it be financed, both with credits and with production. The process involves banks, financial

institutions, companies from the arms business, from the military-industrial complex, and last but not least the political mafia.

As a result, after every war, an economic crisis, a production crisis, an industrial crisis, a social crisis, a public crisis occur. These crises must be financed, there the respective economy is usually replaced by the aggressor, who owes years of drawing benefits from the war and its presence, redistributing the wealth, drawing mostly from the profits.

The aggressor draws profits in all areas of the development of a country or region.

WARS in which the USA participated and created military conflicts.

The Mexican War in 1840 cost \$2.4 billion

As a ratio to the Gross Domestic Product of 1847, it was 1.14%.

World War II cost about \$4.1 trillion or 36% of GDP by 1945.

Until World War II, almost the entire military budget of the country was spent on participating in military conflicts. The United States spent 1.1% of its GDP in 1899 on the Spanish-American War and 1.5% on defense spending.

World War II cost \$4.1 trillion, in which 400,000 American soldiers died. American participation in World War II began on December 8, 1941.

The wars in IRAQ and AFGHANISTAN cost over \$4.1 trillion.

In third place is the VIETNAM WAR. In it, the USA spent 738 billion US dollars or 2.3% of the country's GDP for 1968.

For the last 10 years, the USA has spent between 3.7 and 4.4 trillion US dollars.

5. THE HIGH RATE OF PROFIT FROM THE ARMS BUSINESS AND THE HUGE FREE MONEY – PROFITS FROM THIS BUSINESS THE TURNOVER OF THIS MONEY – THE LAUNDERING OF THIS MONEY IN THE CONSTRUCTION INDUSTRY.

A BUBBLE OF EXCESS PROFITS THAT IS FREE IN THE GLOBAL WORLD

CAUSED THE FINANCIAL CRISIS 2008 – predicted back in 2001 – 2003 by Lord Prof. MOMCHIL DOBREV

In macroeconomics, what is the profit rate of a GIVEN INDUSTRY? Is this profit rate reinvested and in what amount and share, and more importantly in which industry?

All income and savings are equated to different industries one to one - WHAT MAKES IT MISERABLE.

Moreover, there are schemes for legal concealment of profit - through so-called offshore companies.

DIFFERENT PROFIT RATE RATE ARE AVAILABLE IN DIFFERENT INDUSTRY

For example, in the military production industry - the profit rate varies from 30 to 70% minimum.

This is the industry with the highest profit rate.

Light industry is about 5-10%.

Food and beverage industry 15-25 percent.

But both in relative volume and in total volume, sales of weapons and ammunition are the largest.

From here follow the wrong conclusions of macroeconomics for a given state of the economy of the planet.

From here follow the wrong conclusions about the corresponding consequences.

A distinction must also be made between which sectors are state-owned and which sectors are dominated by private companies.

The Pentagon's spending on the wars in Iraq and Afghanistan is \$1.6 trillion. This means that the profit margin is from 30 to 70 percent for various weapons, equipment, and more.

- To simplify things, this means over \$1 trillion in free money for investment.
- Where - in the closest and fastest return on investment industries.
- Where is the profit margin for cocaine invested? In construction. Money laundering for drugs and weapons occurs through construction.
- There, the payback periods are the shortest and the return is the fastest - 18-22 months. The profit margin is from 300 to more percent.
- The world's spending for the period 2004 - 2008 on the sale of military equipment is \$114.338 trillion.
- For the USA, this is \$34.9 billion in 2008 alone – \$6.159 billion.
- For Russia, respectively, \$28.536 billion – in 2008 alone – \$5.953 billion.
- For Germany, \$11.450 billion – in 2008 alone – \$2.837 billion
- For France, \$9.607 billion – in 2008 alone – \$1.585 billion
- For the UK, \$5.132 billion – in 2008 alone – \$1.075 billion.

The sales figures for the two largest nations are as follows:

For the USA –

- 2004 – 6.648 billion
- 2005 – 6.786 billion
- 2006 – 7.394 billion
- 2007 – 7.914 billion
- 2008 – 6.159 billion

For Russia

- 2004 – 6.353 billion
- 2005 – 5.485 billion
- 2006 – 6.186 billion
- 2007 – 4.559 billion
- 2008 – 5.953 billion

In terms of military sales for 2007 at current prices, the top ten in the world are as follows.

- i. Boeing USA
- ii. BAE Systems - - 29.850 billion
- iii. Lockheed Martin –
- iv. Northrop Grumman USA
- v. General Dynamics USA
- vi. Raytheon USA

vii. EADS

viii. L-3 Communications USA

ix. Finmeccanica – Italy

x. Thales France

Among the top 100 companies - 45 are from the USA, 32 are from Europe, - 10 for the UK, 8 for France, 4 from Italy, 5 from Germany, Russia has 7 companies Japan and South Korea have 4 companies each Israel and India have 3 companies each.

The top 100 companies for 2007 - total sales for the amount of 346.9 billion dollars. For 2006 - there is a 12% nominal growth

The countries that bought the most weapons for 2004 - 2008 - are

- i. China - 12.980 billion dollars
- ii. India - 8.186 billion dollars
- iii. United Arab Emirates – 7.105 billion
- iv. South Korea - 6.921 billion
- v. Greece - 4.813 billion dollars

6. Principles of the DEEP STATE – DEEP MAFIA – brief description, concept, content, and the global Masonic elite

The deep state – deep mafia is a corporate, militarized, functionally precisely defined, mafia-like group of people who manage and own financial, banking, corporate and IT companies, unelected by the citizens of the states, who actually manage not only a specific state but also a group of states, on the principles of Mafiaism and financial banking resource technological mafia-like Materialism.

The deep state has corrupted and mafia-like all spheres of society on which the management of a state, of a union depends - in the case of the European Commission and the European Union, the USA, and other countries where people of the deep state rule.

All representatives of the deep state are Freemasons and belong to various secret societies, regardless of which. For years, all secret societies have been taken over from within by the representatives and bearers of the goals and aspirations of the Illuminati for a new world genocide and dictatorship over humanity. For these Masons, the oath is to fulfill the law of the lodge and not to comply with any other laws - such as those of states, international law, unions and others, and to do everything in the name and for the benefit of the lodge, observing only the laws of the lodge, but not the respective state, international laws, even committing crimes, helping members of the lodge when they are in trouble, and to fulfill the plan of the lodge. All laws and rules are subject to an oath to the ideology and faith in Lucifer and the church of Lucifer / Satan.

And the plan is one and only - conquest of the world, rule of the world by a world government, only by them - the global Masonic mafia elite.

Concept - Prof. Momchil Dobrev

THE DEEP STATE - THE DEEP MAFIA is an organization, structure, of management, of kleptocracy, and cryptocracy of a group of people from the financial banking, resource, technological, corporate elite of the GLOBAL MASONIC MAFIOTISED ELITE, which works in all countries on the principles of Mafia and financial banking resource technological mafia-styled Materialism.

MAFIOTISMUS and the Financially banking resource-based technological mafia-driven materialism - IDEOLOGY OF THE DEEP STATE and the Global Masonic Mafia-driven Elite, PRINCIPLES OF THE MAFIAISM and the Financially banking resource-based technological mafia-driven materialism - THE NEW TYPE OF STATE GOVERNMENT IN PRIVATE AND PERSONAL INTERESTS - THE IDEOLOGY OF THE DEEP STATE in favor of the Global Masonic Mafia-driven Elite, PRINCIPLES of the Financially banking resource-based technological mafia-driven materialism,

The principles of the Financially banking resource-based technological mafia-driven materialism

The only purpose is the profit and enslavement of peoples, states, governments, creation of monopolies. Participating countries - banks, financial institutions, companies - oil, resources, steel, oil, food, medicines, fuels.

Finance and money determine politics, wars and peace.

Primary goal and approach: Central bank formation in the major countries to control not only finance, but also economic activity and politics. These central banks will be governed by governments, states, parties, citizens, a whole territory, in terms of money, investment, resources, use, in whose behalf and for what.

These are the initial steps. Establishment of central banks in the major countries in fact to control not only finance but also economic activity.

Establishment of central banks in countries owned by private individuals and private banks. This controls the economies of these countries, governments of these countries, citizens, over entire societies.

Where central private banks are not allowed to be created in the countries - it is the occasion to generate civil wars, wars between states, trigger "revolutions" - to finance them from the bank-financial resources technological capital.

Creating conditions for destabilization of the country concerned, importing corruption, provoking a civil war, provoking war, creating conditions for the maturing of an economic crisis, leading to the destabilization of the political power in the country.

Generating and provoking wars, conflicts, fickle confessions, financing both the warring parties with loans - with the ultimate goal of profit, debt, then giving credit for the recovery of these states, lending to rebuild the economies of the warring states, shunning companies managing resources - oil, gold, trade, medicines, food, creating a military situation - unlocking - an institutional occasion.

System: Funding both sides to wage war between them. Practical parties are indebted to banks, then banks and financial institutions finance the recovery of their economies. Profits are enormous. The profit rate for weapons and ammunition is the highest and most rapidly recoverable and revamped.

They finance supplies of weapons, ammunition, food, clothing, ammunition, extra equipment, they actually manage the war process - when there is an advantage for one side, for the other.

Realistically with supplies of weapons, ammunition, they manage the process of war - which side takes precedence and when and for how long.

The Goal:

Government control - not only through finances, but also by building up faithful government and state subjects - from universities, world institutions, clubs, lodges, foundations, which then either become presidents, prime ministers, ministers, leaders and important institutions .

Control of security services and control of compromise.

Control of whole countries

Through debt securities control of governments, states.

Money control, their circulation, movement, direction, direction.

Policy control and policies

Press Control

Policy control

Control of the Masonic lodges

Purpose and purpose of war, military conflict, aggression - profit.

Control and avoid the introduction of technology.

Control and prevent the production of technology and free energy to be enjoyed by all people and peoples.

Control of patents that contribute to the development of civilization, not to see the world, to be forgotten, not to be used.

Control and liquidation of scientists who have created innovative solutions for the benefit of humanity in science, technology, and treatment.

Control and avoidance of the production of treatments for the treatment of lethal diseases.

Import and export of corruption in one country to its destabilization.

Imports of terrorism.

Export and import of mafia principles in one country

Debt economy, money control. A person who controls money controls states, societies, peoples and governments.

Manifestation of the masses, peoples, personalities.

Personality control, with debit, credit cards, mobile phones, mobile applications - uninterrupted control.

- The call for an otic crisis - not always last
- Increase of deficit - for the purpose of signing
- World wars become redundant due to the danger of nuclear exchange, so terrorism will be used.
- Managing the population through fear. Planting fear among the population.
- Creating an antipode - through fear, manipulation,
- Creating an intrigue machine
- Creating a machine for seeming occasions - for wars, conflicts, aggressions, diversions,
- Induction of inflation and deflation afterwards
- Creating antipodes - with the ultimate goal of the Cold War battle - generates huge profits, enormous cash flows,
- Possession of resources
- The machine of intrigue and compromise and the creation of fake occasions.
- Generating, financing and combating terrorism.

All of the above proves how representatives of the Financial - banking resource technological mafia materialism in Europe and the USA organize the entire process of causing refugee crises, refugee waves, the process of replacing civilizations, importing terrorism, creating terrorism, starting a war with terrorism, which was created by them, with the only goal of this entire process being huge profits.

Everything rests on the system created by Lord Prof. Momchil Dobrev's Theory of mafia

FORMULA OF THE MAFIOTISM

The most simple model of the mafia that describes the factors that affect the amount, type etc of the mafia is the following:

MAFIOTISMUS = PERSONAL Power / on the top of state institutions/state etc./ + Influence + Connections / to personal, private companies + Interests / personal, private, corporate / + ORDER / ORDERS + Personal management of all state neaveus + Personal Control of all states niveaus Mafia structure / inside or outside / + Monopoly Rights + laws/rules/practices/procedures + possibility of taking an alternative decision - obligation - responsibilities - morality/ethics + Personal management and personal control of distribution of public state monetary and other resources (including European funds and funds).

This MAFIOTISMUS is a basis of the "Financially banking resource-based technological mafia-driven Materialism" developed by Lod Prof. Momtchil Dobrev-Halachev.

In this article I described the genesis of the THEORY AND PRACTICE of CREATING TERRORISM and FIGHTING IT afterwards in countries, the whole world – by the Global Masonic Mafia-tized elite and the deep mafia and mafia fascism - 2003 for the purpose of plundering, profits, enslaving peoples, nations, entire countries of Prince Lord Prof. Momchil Dobrev by the representatives of Prince Lord Prof. M Dobrev “Financially banking resource-based technological mafia-driven materialism” by Prof. Momchil Dobrev – Halachev and use of the Theory and practice of creating, organizing, conducting and managing occasions / provocations / “incident/s” / “random events” for the purpose of profits and creating and causing crises -2005 Prof. Momchil Dobrev and Prof. Mariola Garibova-Dobрева, and CYCLE OF THE TUNNEL SPILA CENTRIFUGE – part of THEORY of SOCIAL HUMAN GENOCIDE by Prof. Momchil Dobrev and Prof. Mariola Garibova-Dobрева – HUMAN GENOCIDE 2005, and STAGES OF THE FEAR CREATION

Crisis Generation

Any Economic, Currency, Social, Refugee, Conflict, War Political Crisis ., The financial crisis occurs the fastest, the currency crisis occurs instantly, They are followed by economic crises, Part of the financial crisis and one kind of it is the currency crisis. There is a financial crisis. There are always economic crises.

World currency controlled by members.

Crisis generation schemes:

- Invocation of wars
- Invocation of military conflicts
- Call for military intervention in a country
- Import and export of corruption, mafia,
- Tracking money out of circulation, it immediately creates economic crises. In turn, they cause huge damage to whole countries. Accordingly, he gets loans.
- Crisis - caused - creates economic, social, demographic, social, political crises.
- -Inviting the Financial Crisis
